

Nivedita Ganesh

Toronto, Canada | Permanent Resident (PR), Canada (Valid until November 2028)

CA: +1 437-766-1191 IN: +91 8940063772 | nivedita.ganesh.94@gmail.com

Professional Summary

Senior Software Engineer with 5+ years of experience in **full-stack development**, **cloud technologies**, **DevOps**, and **system design**. Proficient in **ReactJS**, **NodeJS**, **Python**, and **Kubernetes**, with expertise in **automation** and **container orchestration**. Skilled in delivering **scalable applications** and mentoring teams.

Core Skills

- **Frontend & Backend:** *ReactJS, TypeScript, HTML5, CSS3, NodeJS, RESTful APIs, MERN/MEAN stack*
 - **DevOps & CI/CD:** *Docker, Kubernetes, Jenkins, Ansible, Terraform, JFrog, YAML, CI/CD Pipelines*
 - **Cloud & Databases:** *AWS, Microsoft Azure, MySQL, MongoDB*
 - **Code Quality & Version Control:** *SonarQube, Deep Source, Git, GitHub, GitLab*
 - **Project & ITSM Tools:** *Jira, Trello, ServiceNow, Maximo*
-

Professional Experience

Senior Software Engineer

Altimetrik India Pvt. Ltd. | March 2022 – October 2023

- Developed a **responsive UI** for newly migrated accounts, improving accessibility and user experience.
- Migrated **static code analysis** from **SonarQube** to **DeepSource**, enhancing code quality and maintainability.
- Automated **CI/CD pipelines** using **Jenkins, Terraform, and Ansible**, streamlining deployments and infrastructure provisioning.
- Designed and maintained **laC** with **Terraform and AWS CloudFormation**, managing multi-environment deployments.
- Managed **AWS services** (EC2, S3, RDS) and optimized cloud resources for scalability and cost efficiency.
- Developed **Shell scripts** for automation, reducing manual tasks and improving operational efficiency.
- Led **on-premises to AWS migration**, ensuring improved scalability and cost-effectiveness.
- Deployed and managed **Dockerized applications** in **Kubernetes clusters**, ensuring consistent builds and releases.
- Implemented **Ansible playbooks** for provisioning, configuration management, and application deployment.

- Enhanced **monitoring and observability** using **Prometheus and Grafana**, identifying bottlenecks and improving uptime.
- Tracked **reliability metrics (SLO, SLI)** to ensure high availability and assist in performance tuning.

Full-Stack Developer

Speak Ai Inc., Canada | Nov 2021 – Feb 2022

- Designed and implemented frontend and backend architectures for scalable applications.
- Created and maintained **RESTful APIs** and technical documentation.
- Built a robust **CI/CD pipeline** using *Jenkins, Ansible*, and **Kubernetes**.

Software Developer

Noontide Service Corporation, Canada | Mar 2021 – Nov 2021

- Built **client-server architectures** and optimized software responsiveness.
- Collaborated with data scientists to improve **data processing pipelines**.
- Leveraged **Terraform** and **Azure** to deploy **infrastructure-as-code** solutions.

Systems Specialist – Program Analyst

IBM GTS India Pvt Ltd | May 2017 – Apr 2018

- Developed and maintained **server-side applications** using **Node.js**, ensuring database connectivity with **MySQL & MongoDB**.
- Automated server operations with **Bash scripting** and improved deployment efficiency using **CI/CD tools like Travis CI**.
- Supported cloud migration efforts and infrastructure improvements, enhancing system reliability.
- Assisted in **scheduled deployments and release management**, ensuring minimal downtime.

Education

Master of Engineering in System and Computer Engineering

Carleton University, Canada | 2018 – 2020

Bachelor of Engineering in Electronics and Communication

Anna University, India | 2012 – 2016

Certifications

- **Professional Scrum Master I** | Scrum.org
- **Terraform Associate** | HashiCorp Certified
- **AWS Certified Cloud Practitioner** | AWS
